Pipistrel Provides Open Access To Online Training

| by Kate O'Connor | April 15, 2020
| www.avweb.com

Slovenia-based aircraft manufacturer Pipistrel has made its computer-based training courses available free-of-charge for the next three months while people are isolated due to the coronavirus (COVID-19) pandemic. Course topics include Pipistrel's ALPHA Electro, ALPHA Trainer, and Virus SW, SWiS and SW 121 models and the Rotax 912 engine. The company is also offering a voucher for a free demo flight to anyone who successfully completes one of its courses.

"Pipistrel has decided to provide an open access to all online training materials during the current period of world-wide enforced isolation as a testament and dedication to safety through continuous training and learning," the company said. "We hope that this contribution to the global pilot community will help the pilots to keep safe, remain knowledgeable and invest their time in lockdown during Covid-19 crisis in training, so that they can enjoy flying even more when the current restrictions are eased."

Pipistrel's online courses typically cost €147.30 (\$160.83) for 14-day access or €247.30 (\$270.02) for a permanent subscription. They can be accessed via computer, tablet or mobile device. Course enrollment can be completed on the company's website at www.pipistrel-online.com

Spotlight On COVID-19

As a provider of essential services, airports remain open during the COVID-19 Pandemic. The runway, taxiway and fueling services shall remain available for the foreseeable future. Airport administration offices are closed to the public but staff can be reached by phone or email.

The airports are taking steps to ensure the safety of the employees and tenants. During the Safer at Home Order which is effective until May 15, 2020 (and subject to change). We are following the instructions of the Health Officer which now requires Essential Businesses to implement a **Social Distancing Protocol**. You will see Operations Staff wearing face coverings and keeping the appropriate distance while fulfilling their duties on the airport. The self-serve islands remain open for fueling and the trucks are available should you need them. The facilities (restrooms, etc.) are cleaned and sanitized on a regular basis.

We ask that while on the airport you adhere to the **Social Distancing Protocol** which includes: Maintaining at least six-feet of physical distance from individuals who are not part of the same household; Frequently washing hands with soap and water for at least 20 seconds or using hand sanitizer that contains at least 60% alcohol; Wearing a cloth face covering while out in public when in contact with others, not including members of a single household or living unit; and avoiding all social interaction outside the household when sick with fever or cough. Your adherence to the protocol is greatly appreciated.

Rental payments are still due on the 1st, and if you are used to dropping off your payment at the airport, we encourage you to mail in your payment using the envelope that is included with your statement or use auto pay and have it charged to your credit/debit card every month. You can also call the airport office and pay with a credit card over the phone. The \$10 convenience fee has been waived until further notice.

If you have any questions, please contact your airport manager. We appreciate your cooperation during this challenging time and look forward to returning to business as usual.
